

Cardiac Catheterization

Pioneers Innovators Inventors

Adventist La Grange Memorial Hospital opened its cardiac catheterization lab in 1972, making it one of the first community hospitals in the Chicago area to offer this service. Since then, we have performed over 25,000 cardiac procedures. Please join us to learn about the past and future of invasive cardiac procedures and how Adventist La Grange Memorial Hospital has been and continues to be a leader in this important and ever advancing field of medicine.

Frank Saltiel, M.D.
Director of
Interventional Cardiology

Thursday , April 30th
